## AGREEMENTS

*NOW THEREFORE*, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Association, its successors and assigns, hereby agree and declare the following amendments to the CC&Rs.

1. Incorporation of Recitals. All of the foregoing recitals are hereby incorporated as agreements of the Association.

2. Amendments to CC&Rs. The following amendments were adopted by the Board of Directors of the Association on April 25, 2018, and ratified by the Members of the Association on June 23, 2018.

2.1 Section 10.2 is amended to read as follows:

10.2 Purpose. Unless otherwise stated in the CC&Rs, the Architectural Committee shall review and by majority vote, approve or reject proposed improvements on Property within the Association. Approval of the Architectural Committee is required regarding the exterior appearance of improvements. Approval is also required for exterior color changes or other material alterations

The goal of the Architectural Committee is to establish and maintain an exterior design standard that is harmonious with existing dwellings, and to preserve and protect the natural environment and views within the Association. Members are not limited to what styles already exist, but should keep in mind the idea of harmony.

10.3 (B) Submission. The procedure for submission and approval of architectural plans for construction within the Association shall be determined by the Board of Directors and posted on the Association website ([www.wolfcreekpropertyowners.org](http://www.wolfcreekpropertyowners.org)). If you have contacted the committee on at least two occasions and have not had a response within fourteen (14) days of the last contact, you may use the following procedure:

A site plan, showing where the building is placed on the property, height, grade, finished ground elevation and any fencing should also be included. The checklist of requirements on the Association website ([www.wolfcreekpropertyowners.org](http://www.wolfcreekpropertyowners.org)), must be completed and submitted with building plans.
